## ACA Coastal Kayak Strokes \& Maneuvers Refinement

## Thoughts

Long kayaks are hard to maneuver; short ones are hard to keep straight. Wind and current affect all boats. Rescues are ineffective if you cannot get on scene. Effective strokes and maneuvers are the answers to many problems faced by intermediate and the experienced paddler

## Prerequisites: None

## Next Step:

ACA L3 Skill Assessment or ACA L4 Skills class

## Topics Covered

Depending on needs and wishes of participant we may cover basic strokes such as forward, reverse, sweeps, draws, braces and advanced strokes and maneuvers such as pivots, sculling, brace turns, bow rudders, sideslips, etc.

## Details and Requirements

This 2 to 4 hour course, designed for intermediate paddlers has no prerequisites, but experienced paddlers will benefit to a greater degree. The course is planned for group participation in a suitable flat-water environment such as a lake, cove, pool, or similar protected water.

Basic Equipment includes a properly outfitted kayak or canoe with paddle and appropriate safety equipment including PFD, spray skirt, paddle float, pump or bailer and sling. This equipment can be provided for the beginner, although it is best to use your own equipment if available. Please advise us on your equipment needs before the class.

Personal Equipment recommendations include clothing suitable for immersion (synthetics, no cotton) and water shoes (no open-sided sandals). The student should come prepared for accidental immersion while practicing certain strokes. Other items of personal responsibility include: sunglasses, sunscreen, hat with visor, bug repellent, and spare (dry) clothing. In cooler weather or on windy days a windbreaker may also offer comfort.

NOTE: We are not responsible for lost or damaged personal items. Plan to leave electronic keys, cell phones, etc. on shore or in a buoyant, waterproof container. Consider retention aids for prescription glasses, hats, and other items dear to you.

## Special Requirements

Please bring your desire to have fun and a spirit of adventure. In order to serve you best, please advise us of any personal issues when registering so that we can prepare in advance for special paddling equipment. Let us know in confidence of any medical issues before the start of class. We can accommodate most concerns.
